Dear OurRepublic,

As an elected member of the Pennsylvania State House of Representatives, I take my oaths to protect and uphold both the United States Constitution and the Pennsylvania State Constitution incredibly seriously. I hold the unequivocal position that our United States Constitution is a list of enumerated powers which limit the function and scope of the federal government.

Moving forward, I will continue to oppose legislation that infringes upon the protections espoused in our founding documents and will always work to protect individual liberty in Pennsylvania and the United States.

“We the people are the rightful masters of both Congress and the courts, not to overthrow the Constitution but to overthrow the men who pervert the Constitution”. Abraham Lincoln

Sincerely,

A handwritten signature in black ink, appearing to read "Dave Zimmerman", with a long horizontal flourish extending to the right.
